My cameras have always been a passport, allowing me a front seat to history. While at the Chicago Sun-Times newspaper, for 14 years, I covered countless historic events, such as presidential elections, Michael Jordan's entire career with the Chicago Bulls, many faiths, celebrations and rituals. I've traveled around the world for weddings and human-interest stories for nonprofit organizations.

I have since moved on from the newspaper industry. Now, a partner with my wife, Dawn Davis, in our own endeavor, Bob & Dawn Davis Photography & Design. Our client list reads like a "Who's Who" of entertainment's elite. We had the honor of photographing "A" list weddings such as Eva Longoria & Tony Parker's wedding in Paris, Salma Hayek & François-Henri Pinault's wedding in Italy, La La Vazquez & Carmelo Anthony's TV wedding in New York, Tracey Edmonds & Eddie Murphy's wedding in Bora Bora, ABC's TV show The Bachelorette Ashley's wedding to J.P. in California, along with many other fabulous events with Oprah Winfrey. I was also commissioned to work on the book America 24/7 that was featured on the Oprah Winfrey show and was a New York Times Best Seller.

Our work has been featured in publications such as People, OK, O Magazine, InStyle, Inside Weddings, Town & Country, Munaluchi, Grace Ormonde, Modern Luxury Brides, The Knot, Ritz-Carlton magazine, Professional Photographer, Rangefinder, Popular Photography and more.

I am honored to be a member of Canon Explorers of Light, Westcott Top Pro Elite, ProMedia Gear Ambassador, and SanDisk Extreme Team. Dawn and I are the authors of two books, Lights Camera Capture, and We're Engaged!

When I'm commissioned to capture someone's most special day, I can be found pursuing my form of meditation photographing birds and wildlife. Dawn and I have led two photographic safaris to Africa, photographed Snow Monkeys and Red Crested Cranes in Japan, Atlantic Puffins in Newfoundland and Bald Eagles along the Mississippi River.

I am happily married to my wife, Dawn, and together we have two beautiful children, Bobby and Alli.
